DETAILED ACTION

1. Receipt is acknowledged of the response filed on 8 August 2005, which has been entered in the file.

Allowable Subject Matter

2. Claims 1-34 are allowed.
3. The following is an examiner's statement of reasons for allowance:

May (US 5,760,380) teaches a self-service terminal comprising a shutter mechanism for protecting an unauthorized access tot the card read/writer by rotating the shutter member, and Caldwell (US 4,754,126) discloses a night depository system comprising a rotatable drum for opening/closing the receptacle for receiving items. But, May and Caldwell taken alone or combination, fails to specifically teach or fairly suggest that the device for accepting paper currency and transporting accepted paper currency comprises a ⁰rotatable disk having a slot and a motor for rotating the disk wherein the axis of the rotation of the disk is parallel to direction of movement of the paper currency when the paper currency passes through the slot of the disk, the electronic controls for causing the disk for rotate in response to the paper currency entering the paper currency stacker and for monitoring the position of the disk wherein the anti-tether system is located between he paper currency acceptor and the paper currency stacker in which the presence of a tether attached to a paper currency impedes rotation of the disk and the electronic controls detect the rotation of the disk being impeded by the tether as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
